Let's Learn About Money TROLL MICRO

A TROLL LEARNING CENTER

Learning about money has never been such fun! This comprehensive program consists of three tutorial sections plus a unique simulation—all brimming with animation and color.

In *Counting Money,* lively tutorials help children learn how to count all kinds of coins and bills. In *Making Change,* children are shown how to count out change from a purchase price to the amount given. The third section introduces *Decimal Notation.* And a special simulation allows children to go on a *"Silly Shopping Spree."*

THIS LEARNING CENTER CONTAINS:

- a MICRO-SOFTWARE program disk
- a User's Guide
