

## **SOFTWARE OPPORTUNITY**

Datasoft is offering a unique opportunity to software authors. Send us your program or program concept for evaluation. If it is accepted for publication we will enter into a marketing agreement to sell your product through our Domestic and International distribution channels.

And the opportunity does not end there. We offer you something few other publishers can. We call it "Product Roll-Over". We have the capability to take a program and transfer it to other popular microcomputers (Atari, Apple, TRS-80 and NEC). We can even plan distribution on machines still in development that we feel will be a large part of tomorrow's market.

Datasoft works with several large microcomputer manufacturers on new and exciting projects. We are involved with many "famous-name" companies entering our industry for the first time.

So get the most exposure for your programming efforts. Write us for a free programmer's package and get a start on a rewarding future. It's waiting for you today.

Send your name, address and phone number to:
