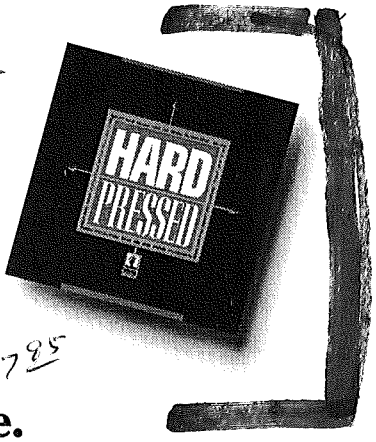
Stretch your disk space. ≻



HardPressed 1.0 If you're always running out of disk space, then you need HardPressed — the fastest disk compression software for the IIGS. It virtually doubles the space on every type of disk. Your 40 MB hard drive will be able to store 80 MB, or a 2 MB RAM disk can store 4 MB! HardPressed works behind the scenes, transparently compressing your files as you save them. When you open a compressed file or compressed application, HardPressed automatically expands it. HardPressed is like getting a second disk drive, at a fraction of the cost!
For the Apple IIGS, System 6 or later. Reg. $69.95. AutoArk trade-up $24.95
